AWS field priorities (H2 2026)

Priority	What AWS is asking partners for	Our play
Migration Acceleration Program	Large migrations with MAP; mainframe and VMware exits	Tailspin crew platform; Calder
Generative AI on Bedrock	Production GenAI with governance	Not yet - Azure-first GenAI practice
Industry: insurance	Guidewire Cloud on AWS migrations	Calder Insurance with Guidewire (BID-0618)
Industry: life sciences	GxP data platforms	Trey Research GxP data lake (OPP-24210)
ISV / SaaS	SaaS re-architecture for ISVs	Proseware (won Aug 2026)

Joint account plans

Account	Opportunity	Value	ACE ID	Funding	Next step
Calder Insurance	Claims modernisation on Guidewire Cloud	$5.8M	O8106640	MAP up to $120K (after award)	AWS insurance SA to join orals
Tailspin Airlines	Crew operations platform	$2.2M	O7902211	MAP modernisation (after award)	Decision 23 Oct; registration expires 31 Oct
Trey Research	GxP data lake	$1.4M	O8012573	MAP Mobilize $180K applied	RFI due 28 Oct
Proseware Inc	SaaS re-architecture (delivering)	$280K	-	-	Expansion: platform pod

Programme status

- Advanced Tier Services Partner - in good standing.
- Migration Competency renewal due January 2027: needs 2 new public customer references (Tailspin approved; Proseware requested).
- Data & Analytics Competency: in progress - needs Trey Research as a launched reference.
